Knox Nursery was one of the first to offer Gerbera plugs to commercial growers. Our Gerbera program began over 25 years ago. Today, Knox Nursery ships Gerbera plugs to growers throughout the country.

### GERBERA LOVE CENTRAL FLORIDA SUNSHINE

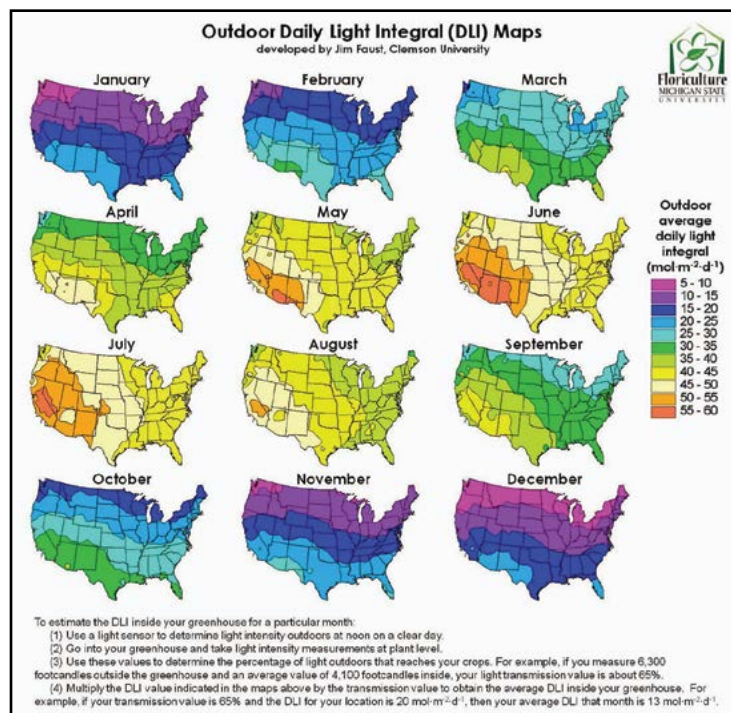

Florida sunshine means longer days, higher light levels and warmer temperatures compared to northern states, particularly in the spring months critical for quality Gerbera production.

University research has shown that a total daily light integral (a measure of the amount of light a plant has received in a day) of at least 10 moles within the greenhouse is required for favorable growth and development of young plants. That equates to about 20 moles outside the greenhouse. These maps, published by Dr. Jim Faust, Clemson University, show that light levels are below 20 moles outside from late fall through late spring for much of the northern U.S., while Florida receives 20 moles or better outside year-round.

Gerbera are day-neutral plants. Increasing day length does not influence how early plants bloom.

But, Gerbera are facultative irradiance plants. Increasing the daily light integral up to 14 moles per day results in:

- increased plant weight
- increased flower number
- increased petal width

## 2018-2019 Knox Nursery Gerbera Program

### GERBERA FROM SEED

**Plugs grown under high light conditions result in:**

- flowering up to 2 weeks earlier than direct-sown material
- very uniform crop
  - » tend to all flower together
  - » means bench-runs common

**Standard direct-sown 144-cell tray**

- direct-sown into loose-filled 144-cell tray
- reworked to ensure guarantee
- shipped at 6 weeks

**Premium 105-cell tray — transplanted and graded product**

- sown into 384-cell tray
- transplanted at 5 weeks into 105-cell trays
  - » all seedlings graded at transplant, and each grade specifically grown to reach uniform size at shipping
  - » runts are discarded
- shipped at 8 weeks

### ORDER MINIMUMS:

All orders must be **full cases (6 trays)** per ship date. Orders can be a mix of cultivars, with minimum per cultivar requirements as follows:

**Standard 144-cell Trays:** 1 tray **per cultivar** per ship date

# EZ-Pots...

## Have you switched yet?

## Why Choose EZ-Pots?

**Environmentally  
Friendly and  
Sustainable with  
No Plastic Pots  
going into our landfills**

**Saves Money by  
Planting Faster,  
Reducing Labor,  
and No Waste to Discard**

### What is an EZ-Pot?

The EZ-Pot is Knox Nursery's brand for Ellepots, a degradable paper pot system. The EZ-Pot system is made with passion and care to develop products that are better for the world. EZ-Pots plant faster, and even tender rooted plants are quickly handled without damage by grasping the paper edge of the EZ-Pot.

**Ellepot**® Healthy thinking,  
healthy environment

### What's in the EZ-Pot?

We have formulated this soil recipe for optimum performance of our annuals and perennials.

**85% Canadian peat** – highest quality peat available

**15% coarse perlite** – for better aeration

**6 Lbs/cu.yd.** – 16-6-12 for short to mid-length fertilization

**2 Lbs/cu.yd.** – 15-7-15 Multicote for extended fertilization after planting

**RootShield®** – RootShield protects roots from many pathogens including *Pythium*, *Rhizoctonia*, *Fusarium*, *Thielaviopsis* and *Cylindrocladium*. Within 24 hours RootShield blocks and actively attacks pathogens.

# SunPatiens®

## Impatiens

## Three Seasons of Color, Sun or Shade, Rain or Shine!

That's the power of SunPatiens. These amazing, low-maintenance performers provide more color for less work, which means nonstop color in almost any garden or landscape. Resistant to downy mildew, they are the original and best alternative to traditional impatiens. When you want unstoppable three-season color, think SunPatiens.

*Bloom!*  
It's in our nature.

Citadel® generates effective PGR activity on a wide variety of containerized crops.

 **collate™**

Applied as a foliar spray, Collate™ increases lateral branching, delays flowering and inhibits internode elongation in a wide range of ornamental crops.

 **concise®**

Concise® promotes more compact and marketable plants, and is highly effective at low use rates.

 **configure®**

Configure® increases lateral/basal branching and promotes flowering.

 **dazide®**

Dazide® 85 WSG produces compact, stronger and greener plants with well developed root systems.

 **florgib®**

Florgib® stimulates and promotes growth, produces stem elongation and flowering in ornamental plants.

 **fresco®**

Fresco® delays leaf yellowing and necrosis on lower leaves and delays flower senescence. Also promotes bract expansion in poinsettias.

 **piccolo®**

Piccolo® brings out the best in ornamentals by producing compact, consistent quality plants.

 **piccolo  
10 XC**

Piccolo® 10 XC is the first and only 4% paclobutrazol PGR for compact, consistent quality plants as well as easier handling and mixing. All this plus a lower carbon footprint.

**Always read and follow label directions.** Abide®, Citadel®, Configure®, Concise®, Florgib®, Fresco® and Piccolo® are registered trademarks of Fine Agrochemicals, Ltd. Dazide® is a registered trademark of Find Holdings, Ltd. Collate™ is a trademark of Fine Agrochemicals, Ltd.

### Knox Nursery 2018 Poinsettia Stock Program

This year we are pleased to be able to add genetics from Dummen Orange (Ecke and Red Fox cultivars). We continue to offer Selecta and Syngenta genetics.

All product is grown in 30mm Ellepots (approximately 1¼ inch in diameter) in single strips of 13 plants each, with 8 strips (104 plants) per tray. All product is packed 2 trays per box. A tray of 104 is sold as 102 plants, giving the customer an over-pack of 2 plants per tray at no charge. Tray designation is TR104/102.

Minimum order is 4 trays (2 boxes) per ship date. Minimum per cultivar is 1 tray per ship date. Minimum lead time is 8 weeks. Cancellations or order changes can only be honored if received 8 weeks prior to requested ship date. Brokers are responsible for re-selling any product cancelled with less than 8 weeks notice. Any orders not resold within one week of original requested ship date will be billed to the broker at that time.

Tags are not included. They may be ordered separately from your tag vendor.

### WHAT IS AN EZ-POT?

The EZ-Pot is Knox Nursery's brand for Ellepots, a degradable paper pot. EZ-Pots promote better air exchange compared to average plastic pots. This results in stronger root growth and overall more healthy plants. Better air exchange also promotes root pruning, an advantage in a bump-up transplant program that results in faster establishment and time to finish.

#### The EZ-Pot system offers you:

- ❖ Total control:
  - You choose the size.
  - You choose the media.
  - Knox does the work.
- ❖ Transplant efficiency: quick removal and faster planting
- ❖ Rooting efficiency: higher yields & less bench time
- ❖ Landscaper friendly: Easy removal, no pots/cell packs to collect and discard = faster planting
- ❖ Environmentally sound: The EZ-Pot is completely degradable

Pre-filled EZ-Pot trays are available in a wide variety of Ellepot sizes and tray configurations. These EZ-Pots can be filled with our premium soil mix. Pre-filled trays are available to ship to customers by shrink-wrapped pallet or full truck load.

**When you're ready to switch Knox Nursery makes it easy!**

### FEDEX FREIGHT OR COMMON CARRIER/LTL SHIPMENTS

Typically used for large orders of 40 trays or more (20 poinsettia trays or more) and is typically more cost-effective per plug or liner than FedEx 2-day. Orders are boxed, stacked on a pallet, then surrounded with shrink wrap for maximum protection of our high quality young plants.

Delivery times are generally 1-2 days throughout the Southeastern US. This service is not temperature controlled.

Rates are determined individually at the time of shipping, prepaid, and added to the invoice.

### WINTER BOX CHARGE IS \$10 PER BOX

Knox Nursery uses cold weather boxing only when temperatures at the destination or at the shipping hub are forecasted to be below freezing.

We delay shipping during the week when possible until forecasts show destination or shipping hub warming trends.

### DELIVERED PRICING BOXING CHARGE IS \$10 PER BOX

Knox Nursery offers selected high-volume customers (for Plugs from Seed and Tissue Culture) pricing plans that include delivery in their price per plug quote. No freight costs are charged to these customers.

Our boxing fee is changed to these customers only when the total order tray quantity does not meet minimums to qualify for truck delivery. These orders will continue to be shipped without freight charges.

All orders booked for customers on standard pricing plans will ship without boxing costs.

### ARIZONA CUSTOMERS

Due to Arizona Department of Agriculture Quarantine Requirements, Knox Nursery can only ship to customers in Arizona that have an Approved Holder Area. Shipments must be sent via FedEx Express, not Freight or Common Carrier/LTL. An \$80 fee for mandatory Phytosanitary certificate will be added to the invoice.

# TERMS & CONDITIONS OF SALE

## 2018-2019 All Programs

Revised: June 15, 2018

**FOR ALL PROGRAMS:** Due to Arizona Department of Agriculture Quarantine Requirements, Knox Nursery can only ship to customers with an Approved Holding Area and only using FedEx Express. An \$80 fee for mandatory Phytosanitary certificate will be added to the invoice.

### PROGRAM BASICS

**All prices are subject to change without notice.**

All orders will be invoiced based on the price effective on the date the order is shipped. The production of any item is dependent on the availability of quality seed or unrooted cuttings. Therefore, we reserve the right, with proper notification, to substitute varieties when quality fails to meet our specifications.

#### PROGRAM PRICING EFFECTIVE DATES

##### Plugs from Seed Program

Week 40 (2018) through Week 39 (2019)

Regular Season Poinsettias: Week 51 (2018) through Week 44 (2019)

### AVAILABLE SHIP DATES

#### PLUGS FROM SEED PROGRAM

Most items may be booked to ship year-round. However, summer weather conditions limit shipping on certain items as follows:

Alyssum	Ship Weeks 42 through 22
Dusty Miller	Ship Weeks 45 through 22
Pansies and Violas	Ship Weeks 46 through 20
All Others	Generally Ship Year-Round

#### ROOTED CUTTINGS PROGRAM

Most items may be booked to ship year-round provided we have access to the unrooted cuttings. However, many of our vendors have limited or no availability during the summer months. These vendors typically bring production back online starting around **Week 40**.

#### GARDEN MUMS, ASTERS & MONTAUK DAISY PROGRAM

Gediflora Belgian Mums	Ship Weeks 11 through 37
Mystic Garden Mums	Ship Weeks 18 through 35
Yoder Garden Mums & Asters	Ship Weeks 17 through 40

#### POINSETTIAS PROGRAM

Stock Plant rooted cuttings ship **Week 6 through Week 20-24 (depending on program)**. Regular Season rooted cuttings ship **Week 26-30 through Week 47-48, depending on program**.

### CUSTOM PRODUCTION (ITEMS NOT ON OUR LIST)

All custom item order requests must be approved by Knox Nursery.

#### FOR CUSTOM PLUGS FROM SEED PRODUCTION

Minimum order of 10 trays for custom seed items is required per item/per ship date. Total order minimums apply.

For all custom seed items ordered, the shipped and invoiced quantity may vary 15% from ordered quantity.

#### FOR CUSTOM VEGETATIVE PRODUCTION

Minimum order of 2 trays for custom vegetative items is required per item/per ship date. Total order minimums apply.

### PRICING & DELIVERY

All pricing is FOB Winter Garden, FL. Freight will be billed separately.

All pricing is Net to Broker (**no broker commission is included**).

Knox Nursery will select the best method to ship each order to the customer's door.

Prices listed are per plug (Plugs from Seed) or per plant (Rooted Cuttings, Garden Mums, Geraniums & Poinsettias) based on the tray count guarantee.

A \$10.00 cold weather box charge may apply during winter months.

FedEx shipments are typically shipped FedEx 2<sup>nd</sup> Day. If FedEx imposes an address correction fee of \$15 per box, that charge will be added to the broker invoice.

Orders of 40 trays or more are generally palletized, shrink-wrapped and shipped LTL when grower truck is not available

A restocking fee of 25% of the order total will apply for nursery pick orders that are NOT picked up by the customer.

### TAGS

Tags are available from Knox Nursery for most Rooted Cuttings, Garden Mums and Gerbera Garvinea Tissue Cultures. These tags **MUST** be ordered at the same time as the plant material.

Tags ordered from Knox Nursery will be shipped separately directly to the customer by MasterTag and should arrive the week before the plant material. In some cases, due to late order changes or tag production issues, tags may not arrive until the same week as the plant material.

Tags will be billed as a separate line on our invoice.

Tags are not available from Knox Nursery for Plugs from Seed, Poinsettias, Cordyline Tissue Cultures or Fern Tissue Cultures.

#### BOX SHIPMENT FREIGHT RATES

Please see Knox Nursery Box Shipping Program.

#### TRUCK SHIPMENT FREIGHT RATES

Please see Knox Nursery Truck Program.

#### NURSERY PICK UP

Requires at least 24 hours advance notice.

#### DOMESTIC AIR FREIGHT SHIPMENTS

Air freight shipping may be requested from Orlando International Airport (MCO), where **Knox Nursery, Inc.** is a known shipper.

**Air Freight shipments are F.O.B. Winter Garden, FL.**

- Broker may choose either Southwest or Delta as the airline to carry their cargo
- Broker must provide their own account number with the airline they choose. Airline will bill freight charges to this account.  
**Air Freight shipments will be sent prepaid or collect only.**
- Knox Nursery will contact airline and arrange for an Air Waybill (AWB) on behalf of broker. Once issued, Knox Nursery will advise broker of AWB number and flight details.
- Knox Nursery will transport to Orlando International Airport. A \$55 fee will be charged for delivery to the airport. Upon delivery to the airport, Knox Nursery has no further liability for the shipment.
- Broker is responsible for advising customer of flight arrival details. Customer must pick up at airport or make their own arrangements for pickup.

#### EXPORTS - INTERNATIONAL SHIPMENTS

Knox Nursery will accept orders for shipment to an address outside the U.S. only under the following conditions:

- All shipments are F.O.B. Knox Nursery, Winter Garden, FL. Broker/Customer assumes all risks from that point
- Broker/Customer will be responsible for any and all loss or damage suffered during transit, including that due to delay
- Within 1 week of placing an order, Broker/Customer must advise Knox Nursery of all conditions required by the destination country. These may include, but not limited to:
  - ▶ Import Permit – to be obtained by broker/customer and sent to Knox Nursery
  - ▶ Phytosanitary Certificate – if required, Knox Nursery will work with State and Federal authorities to obtain these
  - ▶ Federal Inspections – if required, Knox Nursery will work with State and Federal authorities to obtain these
  - ▶ Commercial Invoice – broker/customer must supply to Knox Nursery
- Broker/Customer must obtain a Freight Forwarder for all shipments
- Broker/Customer must provide their own FedEx or Air Freight account number for all shipments
- All documents and conditions for shipment must be completed by Friday preceding the actual ship date of the order
- All international shipments will be charged a \$15 per box surcharge to cover handling costs
- All international shipments will be charged an additional surcharge of \$75 per order to cover delivery to Freight Forwarder
- All fees required for Phytosanitary & Federal Inspections, usually \$80.00, will apply

### KNOX NURSERY DISCOUNTS

#### EARNED VOLUME DISCOUNTS

The Knox Nursery system establishes a discount for existing customers based on the total number of plug trays purchased plus the total number of trays of rooted liners in our Root & Sell programs for vegetative annuals, tissue cultures, geraniums and poinsettias during the prior calendar year (garden mums are not included). This total is calculated looking at all orders for a given customer from all brokers.

Once the current year's volume exceeds the prior year's volume, the Earned Volume Discount on new orders increases. Orders that have already been billed at earlier volumes will not be re-billed.

The calculated Earned Volume Discount is assigned by our system to all new orders for plugs and rooted liners in our Root & Sell programs for vegetative annuals and poinsettias. Garden Mum orders are assigned Earned Volume Discounts independently and are based on prior year's orders only for Garden Mums.

#### ASSIGNED VOLUME DISCOUNTS

Knox Nursery management may from time to time assign a specific volume discount to a given customer. This Assigned Volume Discount will apply only to orders for a specific program (plugs, vegetative annuals, or poinsettias), and will apply only to orders from a specific broker. An Assigned Volume Discount remains in place until changed by management.

### ORDER CANCELLATIONS

Cancellations must be received no later than Wednesday the week prior to shipping.

Cancellations can only be honored without charge if production has not been started.

The broker is responsible for reselling any canceled items that have been produced.

If produced items are not resold within one week after the original shipment date, unsold items will be dumped, and the broker will be invoiced for unsold items.

Items resold will be invoiced to the new customer at the new customer's volume level.

### CONFIRMATIONS

Knox Nursery's Order Confirmations (acknowledgments) and Order Changes will be forwarded automatically to broker's office.

Upon receipt of Knox Nursery's Order Confirmations and Order Changes, **it is the broker's responsibility** to review all information for accuracy.

**If any discrepancies are found, please notify Knox Nursery immediately.**

# TERMS & CONDITIONS OF SALE

## 2018-2019 All Programs

Revised: June 15, 2018

### LIMITATIONS OF LIABILITY

**This document limits our liability, please read it.**

Acceptance of product shipped by Knox Nursery, Inc. ("SUPPLIER") constitutes acceptance of the following conditions of sale:

#### ALLOCATION OF RISK OF NONPERFORMANCE

Failure of plugs or liners to perform may occur as a result of environmental factors including cold temperatures, heat, excess moisture, drought, wind and hail, disease, pests, inadequate fertility or misapplication of pesticides. Young plants at times carry diseases which may not be apparent to the SUPPLIER, Buyer or User. All risks of nonperformance, reduced performance and/or crop damage due to these factors shall be assumed by the Buyer and User.

#### DISCLAIMER OF WARRANTY

SUPPLIER makes no other express warranty. SUPPLIER disclaims all implied warranties including any implied warranty of merchantability and any implied warranty of fitness for a particular purpose. To the extent permitted by State and Federal Law, all SUPPLIER's plants are sold AS IS.

#### EXCLUSIVE REMEDY

Buyer's and User's exclusive remedy and SUPPLIER's sole liability for loss or damage arising from purchase or use of SUPPLIER's plants shall be an amount equal to the price paid for the plugs or cuttings.

#### LIMITATION OF LIABILITY

Buyer or User may not recover any amount for incidental or consequential damages, including loss of profit, loss of yield and amounts expended in using or growing such plants, or for harvesting the produce of such plants. This limitation of liability shall be applicable to any claim presented to SUPPLIER whether the legal theory forming the basis for such a claim involves contract, tort, negligence, strict liability or otherwise.

Buyer and User agree that if SUPPLIER refunds an amount equal to the price Buyer or User paid for SUPPLIER'S products, this limitation of liability will not have failed of its essential purpose.

#### IMPORTANT NOTICE REGARDING PLANT-BORNE DISEASES

Upon receipt of product, you may re-test samples of this material at an independent laboratory of your choice. If any positive test result is returned, you must notify us, in writing, within 3 business days. If we receive no written claims or complaints regarding the supplied material within two weeks of shipment you agree that SUPPLIER has performed its obligations under the contract. SUPPLIER shall not be liable in any way, directly or indirectly, for material that was not re-tested within the two-week period or if we were not informed of a positive test result within the 3 business day period.

#### FORCE MAJEURE

No Party shall be liable for any failure to perform its obligations to the contract to the extent that performance is delayed or prevented by any circumstances (except financial) reasonably beyond its control or as a result of Acts of Nature (including fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (whether war is declared or not), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, blockage, embargo, labor dispute, strike, lockout, interruption or failure of electricity, telephone or internet service or unavailability of raw materials.

## About Knox Nursery

Knox Nursery began in 1962, when Jim and Nadine Knox began growing cuttings in a mist box on their patio. These first plants were for home use, but in the summer of 1962, the Knox's made their first commercial sale.

Over the years, Knox Nursery has grown considerably from that modest start, expanding their operation as they grew. As the 1980's drew to a close, Jim and Nadine began relinquishing their roles at the nursery to their sons, Bruce and Monty.

The current nursery is located on 33 acres of former orange groves on Avalon Road in Winter Garden. Dutch rolling benches are incorporated throughout the entire facility for efficient transport of material throughout the greenhouses.

Our production processes make extensive use of automation and computer technology. We use the Eco-friendly EZ-Pot System to significantly reduce the use of traditional plastic pots and saving money, while providing our customers with plants that have a healthier root system, resulting in faster finish times after transplant.

An established second-generation family-run business, Knox Nursery produces a wide range of Plugs from Seed, Vegetative Liners and Finished Products for growers, landscapers and area theme parks. We are Your Bedding Plant Specialist, and have been for over 50 years.
